Even in the immensity of interstellar space I had never felt more hopeless nor more hopeless than I did at that moment on the storm-lashed sea...

I was hampered by no clothes, as one could scarcely dignify the American situation with the same courtesy...

I was carried on moments seemed an eternity. Where were the rocks? I almost yearned for them now to end the bitterness of my futile struggle.

I was hampered by no clothes, as one could scarcely dignify the American situation with the same courtesy...

"Pirates of Venus"

By Edgar Rice Burroughs

"The storm will not last forever," I reminded Kiro. "We shall lie on the shore until it abates. I am going up to the tower; I wish you would remain here and question the crew. It is possible that there may be some one among them who has overheard something that will cast new light on the subject..."

CHAPTER XXIII - The storm will not last forever, I reminded Kiro. "We shall lie on the shore until it abates. I am going up to the tower; I wish you would remain here and question the crew..."
